

MARK ARCHITECTURAL LIGHTING™

RUBIK™

Static White

Create limitless designs with 3 Rubik Forms

Rubik Static White designed for standard grid ceilings, is the workhorse of all of the Rubik Luminous Styles. Rubik's simple forms provide affordable and unparalleled design versatility.

- Simple installation into standard grid ceilings
- Nominal lumen packages ranging from 720 to 3960
- Available in 3000K, 3500K, 4000K and 5000K CCTs
- Acuity Controls nLight® capable

Compatible with Acuity Controls nLight® for networked operation, the nLight networked digital lighting control system is easy-to-use, easy-to-install and saves energy. Using only standard CAT-5e cable, nLight networks together occupancy sensors, wall stations, and digital LED luminaires to create a digital lighting system with unmatched flexibility. nLight easily scales from one room to an entire campus to create a lighting control solution that's perfect for your space.

Rubik™ Family

A Revolutionary Design Vocabulary for the Grid

Rubik™ empowers creativity without complexity in its ultimate palette of high quality volumetric luminaires for the standard grid ceiling.

3 Forms

Build traditional or uniquely patterned layouts designed to provide ambient illumination.

4 Luminous Styles

Create distinctive designs with our luminous styles including Mainstream Dynamic features - Tunable White, Grayscale and Color Accent - in addition to Static White.

Wallpod Options:
nPODM DX

Wallpod Options:
nPODM 4S
nPODM 4S DX

- Simple plug & play installation by utilizing the nLight network
- Customize your application with SensorView™

All designs can be combined in a single vision and all deliver high quality volumetric lighting for practical performance and design impact.

A+ Capable configurations compatible with A+ certified solutions. A+ Certified solutions from Acuity Brands help you quickly and confidently select and implement lighting systems,

for indoor or outdoor applications, that are both compatible and consistent.

For lighting applications, A+ means verified consistent performance, visual appearance and system interoperability of all luminaires and controls within the certified solution. For lighting professionals, it means confidence that all parts of the lighting system will work together and meet common Acuity Brands specifications.
